Understood Better Each Day

The most successful business man is the one who knows every detail of his business and does not depend upon a pull for his success. Each day this is better understood. In no business is detailed knowledge more essential than in the Building Trade. If you want an estimate on any work in my line, I'll be pleased to give you the benefit of my many years experience.

At the Broadway.

No amusement enterprise of recent years in Norwich has been such an instantaneous success as vaudeville at the Broadway theater. The fact was conclusively demonstrated yesterday when at the three performances the theater was crowded to standing room.

At a premium at the first show last night.

The bill as clean and clever as any ever shown at this playhouse, and approved from start to finish. Today a complete change of pictures takes place and all those desirous of seeing good show should not fail to attend the Broadway this week.

The matinee is ten cents to all parts of the house and the admission during the evening is ten cents, reserved seats may be obtained in advance by paying ten cents extra.

BREED THEATER.

"C. Q. D., or the Disaster of the Republic," Big Moving Picture.

Without doubt, one of the most thrilling moving pictures seen in this city for a long time, is the one under the title of "C. Q. D." It being a most accurate picture of the famous disaster of the steamship Republic, the initial quote was crowded to standing room.

AGED COLORED PEOPLE

Now Have a Home in the City of Hartford.

It is said that every other nationality and race of people residing in the city of Hartford has had a home of some kind for the attention and care of their aged members with the exception of the colored people. With the idea of doing something for them, the members of the Woman's Summer Club, No. 1, have now provided a home for aged colored people. This is formally opened last week and a large number of people of all races and nationalities visited the home and heartily congratulated the women upon the excellent plan that has been carried out.

The home is located at No. 33 Mather street, directly in the rear of the Union Baptist church.

MYSTIC TRUST CO.

No One Appeared to Support but Several Opposed It.

(Special to The Bulletin.)

Hartford, April 14.—After the hearing on the matter had been postponed two or three times by the joint committee on banks, there was no occasion for the Mystic Trust company failed to put in an appearance this afternoon, but the opposition was present in force and made it plain to the committee that there was, in their opinion, no occasion for any more banks in Mystic. There are already ready two. The understanding is that the parties behind the application for the charter are County Commissioner R. F. Williams and the Gilbert Transportation company. A united sentiment against another bank in the village has developed.

Attorney H. B. Noyes of Mystic was present to oppose the granting of this charter as did Charles H. Latham, R. L. Holmes, William E. Wheeler, Granville Brown, Sidney Shaw, E. D. Evans, A. W. Joy and Dr. L. M. Allen.

They told the committee on banks that there was no general call for another bank in the place, that the two banks which are now there can handle all of the business that there is to handle locally and could handle more if they could get it, and that the town was one of only 4,000 population and was not growing at a rate which made the extension of banking facilities necessary.

The committee took no action on the matter after the hearing, but there is little reason to doubt that the measure will be reported unfavorably.

GIRL SEVERELY BURNED.

Bonfire Sparks Ignite Skirts of Young Woman in Windsor.

Miss Frances Donnelly of Pawtucket, R. I., who, with her mother, is visiting Mr. and Mrs. Owen Egan at the Windsor hotel, met with a serious accident the other afternoon. A bonfire was set in the hotel yard and a lighted paper flew from the fire and set fire to the girl's skirts.

The girl became excited and ran, which fanned the flames. Truman Griswold, a clerk, put out the fire. The girl was badly burned about the legs.

Manganese is found in various provinces of Japan, the largest and most productive areas being found in Hokkaido, Aomori-ken and Kyoto-fu. The most important manganese mine in the kingdom, however, is located at Iwami, Mitsu province, where manganese is also found. The latter occurs in cavities of other manganese-bearing masses, in slender prismatic crystals of a black color and high semi-metallic luster.
